The Orion Energy Systems, Inc. proxy statement for the 2012 Annual Meeting of Shareholders and the 2012 Annual Report to Shareholders are available at <https://www.proxydocs.com/oesx>.

Our Annual Report on Form 10-K is enclosed with this notice and proxy statement.

PROXY STATEMENT

FOR THE 2012 ANNUAL MEETING OF SHAREHOLDERS To be Held October 24, 2012

This proxy statement and accompanying form of proxy are being furnished to our shareholders beginning on or about September 10, 2012, in connection with the solicitation of proxies by our board of directors for use at our 2012 Annual Meeting of Shareholders to be held on Wednesday, October 24, 2012, at 1:00 p.m., local time, at our corporate headquarters, 2210 Woodland Drive, Manitowoc, Wisconsin 54220, and at any adjournment or postponement thereof (which we refer to collectively as our “annual meeting”), for the purposes set forth in the attached Notice of 2012 Annual Meeting of Shareholders and as described herein.

Execution of a proxy will not affect your right to attend the annual meeting and to vote in person, nor will your presence revoke a previously submitted proxy. You may revoke a previously submitted proxy at any time before it is exercised by giving written notice of your intention to revoke the proxy to our Board Secretary, by notifying the appropriate personnel at the annual meeting in writing or by voting in person at the annual meeting. Unless revoked, the shares represented by proxies received by our board of directors will be voted at the annual meeting in accordance with the instructions thereon. If no instructions are specified on a proxy, the votes represented thereby will be voted: (1) for the board’s three director nominees set forth below; (2) for the advisory vote to approve the compensation of our named executive officers as disclosed in the Compensation Discussion and Analysis section and the executive compensation tables set forth below in this proxy statement; (3) for ratification of BDO USA, LLC to serve as our independent registered public accounting firm for our fiscal year 2013; and (4) on such other matters that may properly come before the annual meeting in accordance with the best judgment of the persons named as proxies.

IMPORTANT: If you hold your shares in a brokerage account, you should be aware that, if you do not instruct your broker how to vote, your broker will not be permitted to vote your shares for the election of directors or on the advisory vote to approve the compensation of our named executive officers. Therefore, you must affirmatively take action to vote your shares at our annual meeting. If you do not, your shares will not be voted on these items.

The three nominees receiving the highest vote totals of the eligible shares of our common stock, no par value per share (“Common Stock”), will be elected as our directors. With regard to the election of directors, votes may be cast in favor or withheld; votes that are withheld will be excluded entirely from the vote and will have no effect.

The advisory vote to approve the compensation of our named executive officers and the appointment of BDO USA, LLC to serve as our independent registered public accounting firm for our fiscal year 2013 will be approved if the votes cast in favor of approval exceed the votes cast against approval. Abstentions will be counted for purposes of determining the presence of a quorum but will be disregarded in the calculation of votes cast.

Only holders of record of shares of our Common Stock as of the close of business on August 31, 2012 (the “Record Date”) are entitled to vote at the annual meeting. As of the Record Date, we had 20,745,456 shares of Common Stock outstanding and entitled to vote. The record holder of each share of Common Stock outstanding on the Record Date is entitled to one vote per share on each matter submitted for shareholder consideration at the annual meeting.

In order for us to validly transact business at the annual meeting, we must have a quorum present. A majority of the votes of the shares of Common Stock entitled to be cast, or shares representing at least 10,372,728 votes, will represent a quorum for the purposes of the annual meeting.

WE INTEND TO BEGIN MAILING THIS PROXY STATEMENT ON OR ABOUT SEPTEMBER 10, 2012.

**PROPOSAL ONE:
ELECTION OF DIRECTORS**

We maintain a staggered board of directors divided into three classes. Currently, there are three directors in each of Class II and Class III and two directors in Class I. Each director serves for a term ending on the date of the third annual shareholders' meeting following the annual shareholders' meeting at which such director's class was most recently elected and until his or her successor is duly elected and qualified. At the annual meeting, the terms of all three of our current Class II directors will expire. At the annual meeting, our shareholders will elect three Class II directors to serve until our 2015 annual meeting of shareholders and until their successors are duly elected and qualified.

The board's nominees for election as Class II directors for terms expiring at the 2015 annual meeting are Michael W. Altschaeffl, Tryg C. Jacobson and Mark C. Williamson, each of whom is currently serving as a director of our company. Information about each of these directors is set forth below.

The individuals named as proxy voters in the accompanying proxy, or their substitutes, will vote for the board's nominees with respect to all proxies we receive unless instructions to the contrary are provided. If any nominee becomes unavailable for any reason, the votes will be cast for a substitute nominee designated by our board. Our directors have no reason to believe that any of the nominees named below will be unable to serve if elected.

The following sets forth certain information, as of August 31, 2012, about each of the board's nominees for election at the annual meeting and each director of our company whose term will continue after our annual meeting.

Nominees For Election at the Annual Meeting

Class II Directors — Terms Expiring 2012

Mark C. Williamson, 58, has served as a director since April 2009 and has been our lead independent director since October 2009. Mr. Williamson has been a partner of Putnam Roby Williamson Communications of Madison, Wis., a strategic communications firm specializing in energy utility matters, since 2008. He has more than 20 years of executive-level utility experience. Prior to joining Putnam Roby Williamson Communications, Mr. Williamson was vice president of major projects for American Transmission Company from 2002 to 2008, served as executive vice president and chief strategic officer with Madison Gas and Electric Company from 1986 to 2002 and, prior to 1986, was a trial attorney with the Madison firm Geisler and Kay S.C. We believe that Mr. Williamson's background in the energy utility industry and in management positions qualify him for service as a director of our company.

Michael W. Altschaeffl, 53, has served as a director since October 2009. Mr. Altschaeffl is an owner and chief executive officer of Albany-Chicago Company LLC, a custom die cast and machined components company. Mr. Altschaeffl is a certified public accountant. Prior to joining Albany-Chicago Company LLC in 2008, Mr. Altschaeffl served as a partner with Grant Thornton LLP, an independent registered public accounting firm, for six years. We believe that Mr. Altschaeffl's experience in leadership positions at manufacturing companies and his background as an accountant qualify him for service as a director of our company.

Tryg C. Jacobson, 56, was appointed to our board of directors on May 31, 2011. Since 2010, Mr. Jacobson has been the founder and president of Jake's Café LLC, a collaborative community for creative professionals. Prior to founding Jake's Café LLC, Mr. Jacobson was the owner and chairman of Jacobson Rost, a Wisconsin-based marketing communications firm specializing in corporate branding, from 1981 to 2010. Before joining Jacobson Rost, Mr. Jacobson ran Ice Nine Corporation, a Minneapolis textile printing firm he founded in 1978. In addition to his business responsibilities, Mr. Jacobson served until 2010 on the Kohler Foundation's Board of Directors. He has also been a brand specialist/speaker for The Executive Committee since 1995, focusing on teaching his brand methodology to businesses in the United States and Canada. Mr. Jacobson has also served as a director of US Sailing Center Sheboygan since 2009. We believe that Mr. Jacobson's experiences in leadership positions at companies in the corporate communications and branding industry qualify him for service as a director of our company.

RECOMMENDATION OF THE BOARD: The board of directors recommends a vote for Michael W. Altschaeffl, Tryg C. Jacobson and Mark C. Williamson for election as Class II directors at the annual meeting to serve until our 2015 annual meeting of shareholders and until their successors are duly elected and qualified.

Mr. Verfuert has invented many of our products, principally our Compact Modular energy efficient lighting system, and other related energy control technologies used by our company. We believe that Mr. Verfuert's role as founder of our company and inventor of many of our products and his experience in leadership positions in the energy management industry qualify him for service as a director of our company.

James R. Kackley, 70, has been a director since 2005 and the non-executive chairman of our board since August 25, 2010, and served as our president and chief operating officer from July 2009 until May 2010. In December 2010, Mr. Kackley was elected to the board of directors of Perficient, Inc., a publicly-traded information technology consulting firm, where he serves as non-executive chairman of the board and as a member of the audit committee and nominating and governance committee. We believe that Mr. Kackley's background as an accountant and chief financial officer, his public company board of directors service, his role as our president and chief operating officer and his experience in leadership positions in business qualify him for service as a director of our company.

Thomas N. Schueller, 69, was appointed to our board of directors in April 2010 and elected by shareholders at our 2010 annual meeting. From 2007 until his retirement in 2009, Mr. Schueller was chief credit officer and managing director of Lake Shore Wisconsin Corporation, a commercial banking enterprise headquartered in Sheboygan, Wisconsin. From 1970 to 1989, Mr. Schueller served in a variety of positions, including senior vice president and regional senior lender, for Citizens Bank and Trust in Sheboygan. We believe that Mr. Schueller's career in the commercial finance industry and his experience in helping to finance many growth companies qualify him for service as a director of our company.

Class I Directors — Terms Expiring 2014

Michael J. Potts, 48, became our president and chief operating officer in July 2010. Prior to becoming our president and chief operating officer, Mr. Potts served as our executive vice president since 2003 and has served as a director since 2001. visor — energy management group of Kohler’s entire corporate energy portfolio, as well as the position of general manager of its natural gas subsidiary. Mr. Potts is licensed as a professional engineer in Wisconsin. We believe that Mr. Potts’ experiences as our executive vice president and in leadership roles in the energy industry and his public affairs experience and engineering background qualify him for service as a director of our company.

Elizabeth Gamsky Rich, 53, was appointed to our board of directors in June 2010. Since January 2009 and from 2000 to 2007, Ms. Rich has been the owner of, and an attorney with, Elizabeth Gamsky Rich & Associates S.C., a law firm offering legal services in the areas of energy law, environmental law, land use, real estate law and business law. Ms. Rich has served as a member of the board of directors for Outpost Natural Foods, Gateway 2 Center Inc., the Wisconsin State Bar Board of Governors and the Plymouth Arts Foundation, and she currently serves on the board of directors for the Farm-to-Consumer Legal Defense Foundation. We believe that Ms. Rich’s background in advising companies in the energy and environmental sectors and her experience as a director for various entities qualify her for service as a director of our company.

We strongly encourage our directors to attend our annual meeting. All of our directors attended our 2011 annual meeting.

Board of Directors — General

Our board of directors met six times during fiscal 2012. All of our directors attended at least seventy-five percent of the aggregate of (a) the total number of meetings of the board held during the fiscal year while they were a director and (b) the total number of meetings held by all committees of the board on which they served during the fiscal year while they were serving on the committees.

Our board has determined that each of Ms. Rich and Messrs. Altschaeffl, Jacobson, Schueller and Williamson is independent under listing standards of the NYSE MKT (which we refer to as the “NYSE MKT”). Our board generally uses the director independence standards set forth by the NYSE MKT as its subjective independence criteria for directors, and then makes an affirmative determination as to each director’s independence by taking into account other, objective criteria as applicable.

Board Committees

Our board of directors has established an audit and finance committee, a compensation committee and a nominating and corporate governance committee, and has adopted charters for each committee describing their respective responsibilities. The charters are available on our website at www.oesx.com.

Our audit and finance committee was established in accordance with Section 3(a)(58)(A) of the Securities Exchange Act of 1934 (which we refer to as the “Exchange Act”) and is currently comprised of Messrs. Altschaeffl, Schueller and Williamson, with Mr. Altschaeffl acting as the chair. Each member of the audit and finance committee is an audit committee financial expert, as defined under rules of the Securities and Exchange Commission (which we refer to as the “SEC”) implementing Section 407 of the Sarbanes-Oxley Act of 2002 (which we refer to as the “Sarbanes-Oxley Act”). The principal responsibilities and functions of our audit and finance committee are to (i) oversee the reliability of our financial reporting, the effectiveness of our internal control over financial reporting, and the independence of our internal and external auditors and audit functions and (ii) oversee the capital structure of our company and assist our board of directors in assuring that appropriate capital is available for operations and strategic initiatives. In carrying out its accounting and financial reporting oversight responsibilities and functions, our audit and finance committee, among other things, oversees and interacts with our independent auditors regarding the auditors’ engagement and/or dismissal, duties, compensation, qualifications and performance; reviews and discusses with our independent auditors the scope of audits and our accounting principles, policies and practices; reviews and discusses our audited annual financial statements with our independent auditors and management; and reviews and approves or ratifies (if appropriate) related party transactions. Our audit and finance committee also is directly responsible for the appointment, compensation, retention and oversight of our independent auditors. Our audit and finance committee met twelve times in fiscal 2012. Our audit and finance committee meets the requirements for independence under the current rules of the NYSE MKT and the SEC, as Messrs. Altschaeffl, Schueller and Williamson are all independent directors for such purposes.

Our compensation committee is currently comprised of Ms. Rich and Messrs. Jacobson and Williamson, with Mr. Williamson acting as the chair. The principal functions of our compensation committee include (i) administering our incentive compensation plans; (ii) establishing performance criteria for, and evaluating the performance of, our executive officers; (iii) annually setting salary and other compensation for our executive officers; (iv) overseeing the company’s response to the outcome of the advisory vote on executive compensation; and (v) annually reviewing the compensation paid to our non-employee directors. Our compensation committee met five times in fiscal 2012. Our compensation committee meets the requirements for independence under the current NYSE MKT and SEC rules, as Ms. Rich and Messrs. Jacobson and Williamson are all independent directors for such purposes. In connection with making decisions concerning executive compensation for fiscal 2012, our compensation committee engaged Towers Watson to provide the committee with Towers Watson’s market assessment, based on its published survey sources, of the base salary, total cash compensation and total direct compensation of our executive officers to assist the committee in determining compensation. The aggregate fees for this engagement did not exceed \$120,000 during fiscal 2012.

Our nominating and corporate governance committee is comprised of Ms. Rich and Messrs. Altschaeffl and Schueller, with Mr. Schueller acting as the chair. The principal functions of our nominating and corporate governance committee are, among other things, to (i) establish and communicate to shareholders a method of recommending potential director nominees for the committee's consideration; (ii) develop criteria for selection of director nominees; (iii) identify and recommend persons to be selected by our board of directors as nominees for election as directors; (iv) plan for continuity on our board of directors; (v) recommend action to our board of directors upon any vacancies on the board; and (vi) consider and recommend to our board other actions relating to our board of directors, its members and its committees. Our nominating and corporate governance committee met four times in fiscal 2012. Our nominating and corporate governance committee meets the requirements for independence under the current NYSE MKT and SEC rules, as Ms. Rich and Messrs. Altschaeffl and Schueller are all independent directors for such purposes.

Board Leadership Structure and Role in Risk Oversight

Our board of directors does not have a policy on whether or not the roles of chief executive officer and chairman should be separate. Our board reserves the right to assign the responsibilities of the chief executive officer and chairman in different individuals or in the same individual if, in the board's judgment, a combined chief executive officer and chairman position is determined to be in the best interest of our company. In the circumstance where the responsibilities of the chief executive officer and chairman are vested in the same individual or in other circumstances when deemed appropriate, the Board will designate a lead independent director from among the independent directors to preside at the meetings of the non-employee director executive sessions.

The positions of chief executive officer and chairman have been separate since August 25, 2010. Prior to that time, the positions were combined from 2009 until August 25, 2010 in Mr. Verfueth, our chief executive officer. On August 25, 2010, our board elected Mr. Kackley as non-executive chairman to permit Mr. Verfueth to further focus on executing our business strategy. Our board retains the authority to modify this structure to best address our company's unique circumstances as and when appropriate.

To supplement our non-executive chairman position, our board has created a lead independent director role. Mr. Williamson currently serves as our lead independent director. Our lead independent director is an independent director who works closely with the chairman and the chief executive officer. The principal duties of the lead independent director are the following:

- Serve as the principal liaison between the independent directors and the chairman and the chief executive officer on sensitive issues and in matters relating to the board as a whole.
- Together with the chairman, coordinate, develop the agenda for and lead executive sessions for the board of director's independent directors.
- Communicate with the chairman and the chief executive officer after each board meeting to provide feedback on the substance of the items presented.

Our full board is responsible for the oversight of our operational risk management process. Our board has assigned responsibility for addressing certain risks, and the steps management has taken to monitor, control and report such risk, to our audit and finance committee, including risks relating to execution of our growth strategy, the effects of the recessionary global economy on customer purchases, communications with the investment community regarding the impact of various activities on profitability, component inventory supply, our ability to expand our partner network, communication with investors, certain actions of our competitors, the protection of our intellectual property, sufficiency of our capital, wireless inventory investment and risk of obsolescence, security of information systems and data, implementation of new information systems, credit risk, product liability, costs of reliance on external advisors and addition of new renewable energy technologies, with appropriate reporting of these risks made periodically to the full board. Our board relies on our compensation committee to address significant risk exposures facing our company with respect to compensation, including risks relating to retention of rainmakers and other key sales personnel, protection of partner relationships, management succession and benefit costs, also with appropriate reporting of these risks made periodically to the full board. Our board's role in the oversight of our risk management has not affected our board's determination that separate

chief executive officer and chairman positions constitute the most appropriate leadership structure for our company at this time. Our audit and finance committee and our full board review and comment on the draft risk factors for disclosure in our annual and quarterly reports and use the receipt of such draft risk factors to initiate discussions with appropriate members of our senior management if such risk factors raise questions or concerns about the status of operational risks then facing our company.

Nominating and Corporate Governance Committee Procedures

Our nominating and corporate governance committee will consider shareholder recommendations for potential director nominees, which should be sent to the Nominating and Corporate Governance Committee, c/o Board Secretary, Orion Energy Systems, Inc., 2210 Woodland Drive, Manitowoc, Wisconsin 54220. The time by which such recommendations must be received in order to be timely is set forth below under "Shareholder Proposals." The information to be included with recommendations is set forth in our Amended and Restated Bylaws, and factors that our nominating and corporate governance committee will consider in selecting director nominees are set forth in our Corporate Governance Guidelines. Our Corporate Governance Guidelines are available on our website at www.oesx.com. Our nominating and corporate governance committee evaluates all potential nominees in the same manner, and may consider, among other things, a candidate's strength of character, mature judgment, career specialization, relevant technical skills or financial acumen, industry knowledge and experience and geographic, gender, age, and ethnic diversity. Our nominating and corporate governance committee believes that directors should display the highest personal and professional ethics, integrity and values and sound business judgment. The committee also believes that, while diversity and variety of experiences and viewpoints represented on our board should always be considered, a director nominee should not be chosen nor excluded solely or largely because of geographic, gender, age or ethnic diversity. Our nominating and corporate governance committee evaluates each incumbent director to determine whether he or she should be nominated to stand for re-election, based on the types of criteria outlined above as well as the director's contributions to the Board during their current term. As part of its periodic self-assessment, our nominating and corporate governance committee assesses the effectiveness of its director selection policy described in this paragraph, including its provisions relating to the consideration of diversity.

Code of Conduct

We have adopted a Code of Conduct that applies to all of our directors, employees and officers, including our principal executive officer, our principal financial officer, our controller and persons performing similar functions. Our Code of Conduct is available on our web site at www.oesx.com. Future material amendments or waivers relating to the Code of Conduct will be disclosed on our web site referenced in this paragraph within four business days following the date of such amendment or waiver.

EXECUTIVE COMPENSATION

Compensation Discussion and Analysis

This compensation discussion and analysis describes the material elements of compensation awarded to, earned by, or paid to each of our named executive officers, whom we refer to as our “NEOs,” during fiscal 2012 and describes our policies and decisions made with respect to the information contained in the following tables, related footnotes and narrative for fiscal 2012. The NEOs are identified below in the table titled “Summary Compensation Table for Fiscal 2012.” In this compensation discussion and analysis, we also describe various actions regarding NEO compensation taken before or after fiscal 2012 when we believe it enhances the understanding of our executive compensation program.

Overview of Our Executive Compensation Philosophy and Design

We believe that a skilled, experienced and dedicated senior management team is essential to the future performance of our company and to building shareholder value. We have sought to establish competitive compensation programs that enable us to attract and retain executive officers with these qualities. The other objectives of our compensation programs for our executive officers are the following:

- to motivate our executive officers to achieve strong financial performance, particularly increased revenue, profitability, free cash flow and shareholder value;
- to attract and retain executive officers who we believe have the experience, temperament, talents and convictions to contribute significantly to our future success; and
- to align the interests of our executive officers with the interests of our shareholders.

In light of these objectives, we have sought to reward our NEOs for achieving financial performance goals, creating value for our shareholders, and for loyalty and dedication to our company. We also seek to reward ini-

tiative, innovation and creation of new products, technologies, business methods and applications, since we believe our future success depends, in part, on our ability to continue to expand our revenue, product and market opportunities.

At the beginning of fiscal 2012, our compensation committee, with the concurrence and support of our chief executive officer, took the following actions with respect to the compensation of our NEOs and other executive officers:

- Paid no bonuses for fiscal 2011, despite increasing revenue by over 20% from fiscal 2010;
- Continued to freeze base salaries for fiscal 2012 at their respective fiscal 2011 levels (in most cases at fiscal 2009 levels), except for new hires and certain limited exceptions; and
- Substituted, in lieu of our prior annual cash bonus program and annual grants under our long-term equity incentive program, a new, comprehensive equity- and performance-based incentive compensation program, described below, which was designed to focus our management team and key employees on delivering substantial financial performance improvements in fiscal 2012 over fiscal 2011.

In early fiscal 2013, our management team recommended, and our compensation committee approved, the following attributes for our executive compensation program for fiscal 2013:

- Paid no bonuses for fiscal 2012, despite increasing revenue by over 22% from fiscal 2011 and increasing cash flow provided by operating activities by over 232% from fiscal 2011;
- Implemented modest salary increases for our NEOs after multiple years of salary freezes (with limited exceptions in connection with new hires and promotions);
- Implemented a fiscal 2013 annual cash bonus program with a focus on increasing both revenue and net income; and
- Granted long-term equity incentive awards in the form of five year pro rata vesting non-qualified stock options and five year pro rata vesting restricted stock grants in order to achieve an appropriate balance of (i) rewarding NEOs for increasing shareholder value and (ii) motivating and retaining our NEOs while aligning their interests with our shareholders through long term equity ownership.

Our compensation committee has reserved the right and discretion to make exceptions to the executive compensation program, including as any such exception may apply to the determination of any and/or all of the relative base salaries, cash bonuses, long-term incentive compensation and/or total direct compensation of our executives, for outstanding contributions to the overall success of our company and the creation of shareholder value, as well as in cases where it may be necessary or advisable to attract and/or retain executives who our compensation committee believes are or will be key contributors to creating and sustaining shareholder value, as determined by our compensation committee based on the recommendations of our chief executive officer (in all cases other than our chief executive officer's own compensation).

Setting Executive Compensation

Our board of directors, our compensation committee and our chief executive officer each play a role in setting the compensation of our NEOs. Our board of directors appoints the members of our compensation committee and delegates to the compensation committee the direct responsibility for overseeing the design and administration of our executive compensation program. Our compensation committee consists of Messrs. Williamson (Chair) and Jacobson and Ms. Rich. Each member of our compensation committee is an "outside director" for purposes of Section 162(m) of the Internal Revenue Code of 1986, as amended, which we refer to as the "Code," and a "non-employee director" for purposes of Rule 16b-3 under the Securities and Exchange Act of 1934, which we refer to as the "Exchange Act."

Our compensation committee has primary responsibility for, among other things, determining our compensation philosophy, evaluating the performance of our executive officers, setting the compensation and other benefits of our executive officers, overseeing the company's response to the outcome of the advisory votes of shareholders on executive compensation and administering our incentive compensation plans. Our chief executive officer makes recommendations to our compensation committee regarding the compensation of other execu-

tive officers and attends meetings of our compensation committee at which our compensation committee considers the compensation of other executives. Our compensation committee considers these recommendations, but has the final discretionary responsibility for determining the compensation of all of our executive officers.

The compensation committee considered the results from the shareholder advisory vote on executive compensation at our 2011 annual meeting of shareholders as support for the company's compensation policies and practices. At our 2011 annual meeting of shareholders, more than 92% of the votes cast on the shareholder advisory vote on executive compensation were in favor of our executive compensation. Our board of directors and our compensation committee value the opinions of our shareholders and are committed to ongoing engagement with our shareholders on executive compensation practices. Our board of directors has determined that our shareholders should vote on a say-on-pay proposal each year in accordance with the preference expressed by shareholders on the "say-when-on-pay" proposal at our 2011 annual meeting of shareholders.

Because of the general recessionary economic and industry conditions and their adverse impact on our fiscal 2011 financial performance and fiscal 2012 prospects, the compensation committee, with the concurrence and support of our chief executive officer, determined in the beginning of fiscal 2012 that it would (i) pay no bonuses for fiscal 2011, despite increasing revenue by over 20% from fiscal 2010; (ii) continue to freeze base salaries for fiscal 2012 at their respective fiscal 2010 levels (in most cases at fiscal 2009 levels), except for new hires and certain limited exceptions; and (iii) implement a new, comprehensive equity- and performance-based incentive compensation program, described below, which was designed to focus our management team and key employees on delivering substantial financial performance improvements in fiscal 2012 over fiscal 2011.

Our compensation committee did not engage a compensation consultant in setting executive compensation levels or making decisions regarding executive compensation plans for fiscal 2012. The committee determined that it was not necessary to incur the expense of obtaining additional advice and guidance from an executive compensation consultant for fiscal year 2012 for the following reasons:

- Towers Watson had undertaken extensive work on behalf of the committee in the preceding fiscal year relating to our executive compensation levels relative to our peer group and market trends.
- The compensation committee believed, based on informal discussions with Towers Watson, that the relative market trends for executive compensation for our peer group, and for the market generally, had not significantly changed during fiscal 2011, and that our relative executive compensation levels remain well within the median range of our peer group.
- The committee did not expect to change significantly the total base compensation levels for our executive officers for fiscal 2012. In particular, the committee expected to maintain executive base salary levels flat with prior years for the third year in a row and bonus opportunities were largely the same as provided in fiscal 2011 (unless we achieved exceptional performance).

The committee engaged Towers Watson to provide it with Towers Watson's market assessment, with a focus on competitiveness, of the total compensation of the company's executive officers to assist the committee in determining fiscal 2013 compensation. Towers Watson provided the committee with certain benchmarking data for base salaries, annual incentive compensation, long-term incentive compensation and total direct compensation. In compiling the benchmarking data, Towers Watson relied on the Towers Watson 2011/2012 Top Management Compensation Survey, the Towers Watson 2011 Compensation Data Bank Executive Compensation Survey (for companies with less than \$1 billion in revenues) and the Towers Watson 2011/2012 Long-Term Incentive Survey (for companies with less than \$500 million in revenues). To approximate our labor market, Towers Watson used market results corresponding to the participating companies in the surveys who are in the electrical equipment and supplies industry or, to the extent such results were not available for a position, results corresponding to participating companies in the durable goods manufacturing industry. Towers Watson used regression analysis to adjust the survey data to compensate for differences among the revenue sizes of the companies in the survey and our revenue size. The compensation committee did not receive or review the identities of the individual participating companies in the surveys on which Towers Watson relied, which information is proprietary and confidential to Towers Watson.

The compensation committee used the Towers Watson survey data as a benchmark in setting the fiscal 2013 compensation levels for our NEOs. The compensation committee reviewed Towers Watson's competitive market

assessment of the relative levels of base salary; target bonus as a percentage of base salary; target total cash compensation; long-term incentives; and targeted total direct compensation for all officers of the Company compared to various market median comparisons derived from the Towers Watson survey data. The compensation committee, in setting compensation levels for fiscal 2013, attempted to set the compensation of Messrs. Potts and Jensen between the 25th and 50th percentile of the Towers Watson survey for similarly situated executives and the compensation of Messrs. Verfuert and Scribante at a level equal to the 75th percentile of the Towers Watson survey for similarly situated executives. With respect to Mr. Verfuert, the compensation committee believed that the 75th percentile market comparison level was appropriate based on his critical importance to the Company, his leadership skills and his significant role in the Company's ongoing sales organization and its innovative product research and development. With respect to Mr. Scribante, the compensation committee believed that the 75th percentile market comparison level was appropriate given his significant contributions to the Company's revenue and profitability.

Elements of Executive Compensation

Our current executive compensation program for our NEOs consists of the following elements:

- Base salary;
- Incentive compensation; and
- Retirement and other benefits.

Base Salary

We pay our NEOs a base salary to compensate them for services rendered and to provide them with a steady source of income for living expenses throughout the year. In fiscal 2012, as a result of the challenging economic and industry market conditions and their adverse impact on our fiscal 2011 financial results and fiscal 2012 prospects, our compensation committee continued the freeze on the base salaries of all of our NEOs (other than Mr. Jensen). Mr. Jensen's base salary was increased from \$200,000 to \$225,000 for fiscal 2012 in connection with his appointment as our chief financial officer in June 2011 due to the increased duties and responsibilities as chief financial officer.

The fiscal 2012 annual base salaries for our current NEOs were as follows:

<u>Name and Current Position</u>	<u>Base Salary (\$)</u>
Neal R. Verfuert Chief Executive Officer	\$ 460,000
Michael J. Potts President and Chief Operating Officer	275,000
John H. Scribante President of Orion Engineered Systems	275,000
Scott R. Jensen Chief Financial Officer, Chief Accounting Officer and Treasurer	225,000

In early fiscal 2013, management recommended, and our compensation committee approved, increases to the base salaries of each of our NEOs. In setting the base salaries for fiscal 2013, the compensation committee relied on the data provided by Towers Watson and set base salaries, with respect to Messrs. Potts and Jensen, between the 25th and 50th percentile of the Towers Watson survey for similarly situated executives and, with respect to Messrs. Verfuerrth and Scribante, at a level equal to the 75th percentile of the Towers Watson survey for similarly situated executives. With respect to Mr. Verfuerrth, the compensation committee also took into consideration the fact that Mr. Verfuerrth had not received a salary increase since the Company's initial public offering in 2007. The fiscal 2013 annual base salaries for our current NEOs, the percentage increase over the fiscal 2012 base salary and the percentage increase over the base salary in 2007 at the time of the Company's initial public offering are as follows:

<u>Name and Current Position</u>	<u>Fiscal 2013 Base Salary(\$)</u>	<u>Percentage Increase Over Fiscal 2012 Base Salary</u>	<u>Percentage Increase Over Base Salary At Time of Initial Public Offering</u>
Neal R. Verfuerrth Chief Executive Officer	\$ 545,000	18.5%	18.5%
Michael J. Potts President and Chief Operating Officer	\$ 280,000	1.8%	24.4%
John H. Scribante President of Orion Engineered Systems	\$ 325,000	18.2%	44.4%
Scott R. Jensen Chief Financial Officer, Chief Accounting Officer and Treasurer	\$ 255,000	13.3%	122%

Incentive Compensation — Fiscal 2012

Early in fiscal 2012, our management proposed, and our compensation committee approved, a new, comprehensive incentive and pay-for-performance compensation program with three basic elements:

- A grant of stock options, which we refer to as “accelerated vesting” stock options, the vesting of which was tied directly to our achievement of significant improvements in three financial metrics in fiscal 2012: total revenues, net income, and free cash flow (calculated as described below).
- An annual incentive award payable after the end of fiscal 2012 in a grant of stock options, which we refer to as “immediately vested” stock options, the relative size of which was also tied directly to our achievement of significant improvements in total revenues, net income, and free cash flow in fiscal 2012.
- A potential cash incentive award for extraordinary performance during fiscal 2012 (performance at a 120% or greater level as measured by each of the three specified financial metric targets in fiscal 2012).

Each of these elements is discussed and analyzed further below. The target levels for the three financial metrics for fiscal 2012 were tied directly to our fiscal 2012 budget as approved by our board of directors:

- Fiscal 2012 revenues of \$115.0 million, determined pursuant to generally accepted accounting principles (“GAAP”);
- Fiscal 2012 net income of \$4.9 million, determined pursuant to GAAP, but excluding the impact of material gains or losses that were non-cash in nature (as determined by our compensation committee); and
- Fiscal 2012 free cash flow of \$4.9 million, calculated as operating cash flow as determined pursuant to GAAP, less traditional capital expenditures and OTA capital expenditures (in each case, as determined by our compensation committee).

The new program encompassed all of our key employees, including our NEOs, but the following discussion will focus on our current NEOs as required by the rules of the Securities and Exchange Commission.

Accelerated Vesting Stock Options

We granted the accelerated vesting stock options in May 2011 under our 2004 Stock and Incentive Awards to provide an opportunity for our current NEOs to earn long-term equity incentive awards based on our financial performance for fiscal 2012. The stock options were granted on the third business day following our public release of our fiscal 2011 results at an exercise price per share of \$4.19, which was the closing sale price of our Common Stock on that date. The stock options were only to vest, however, if the optionee remained employed and we were successful in achieving at least 100% of the target levels for each of our three financial metric targets for fiscal 2012, and if our stock price equaled or exceeded \$5.00 per share for at least 20 trading days during any 90-day period during the option's ten-year term. Our compensation committee believed that these awards served to enhance the alignment of the interests of our NEOs and the interests of our shareholders and provided our NEOs with incentives to remain in our employment.

The number of accelerated vesting option shares granted to each of our NEOs was determined by dividing the expected grant date fair value of the options by the product of the NEO's target bonus under last fiscal year's bonus program (expressed as a percentage of base salary) and the NEO's current base salary.

Our compensation committee determined to substitute the accelerated stock option grants in fiscal 2012 for our normal practice of granting cash bonus opportunities as a way to minimize potential dilution to our earnings per share while enhancing pay-for-performance by incentivizing management to deliver significant performance in all three targeted financial metrics for fiscal 2012 and, as a result, expected increased shareholder value.

The number of accelerated vesting stock options granted to our current NEOs was as follows:

Fiscal 2012 Accelerated Vesting Option Grants

	Number of Shares Subject to Option
Neal Verfuert	36,166
Mike Potts	21,621
John Scribante	21,621
Scott Jensen	15,724

The accelerated vesting stock options granted to each of our NEOs were cancelled because we did not achieve at least 100% of the target levels for each of our three financial metric targets for fiscal 2012.

Immediately Vested Stock Options and Extraordinary Performance Cash Bonus Opportunities

Our compensation committee also determined to grant to participants in our fiscal 2012 incentive program, including our NEOs, an incentive award, the amount of which was contingent upon our fiscal 2012 financial performance as measured against our target fiscal 2012 GAAP revenue, target fiscal 2012 GAAP net income and target fiscal 2012 free cash flows, and which was payable in the form of stock options and, if we achieved extraordinary performance, additional cash bonuses.

If our performance with respect to any of the three financial metrics was under 100% of target, no immediately vested stock options or cash bonuses would be granted under our fiscal 2012 incentive program. If our performance with respect to all three of the financial metrics was 100% or greater, then a pool of options to purchase 684,600 shares of our Common Stock would have been created. If our performance with respect to all three of the financial metrics was 120% or greater, then, in addition to the option pool, a cash bonus pool of \$806,667 would have been created.

Our compensation committee determined that these pools would have been allocated according to the recommendations of our chief executive officer with respect to all NEOs and other senior executives (other than our chief executive officer), subject to review and concurrence by the compensation committee. The committee would have determined the allocation of a portion of the option and cash bonus pools to our chief executive officer. With respect to all other employees, our chief executive officer would have coordinated with the applicable

senior officers and other managers to determine an appropriate allocation of options and/or cash bonuses to individual subordinate employees based on such employees' relative performance and contributions to the relative success of our company

Any options granted from the option pool would have been immediately fully vested, would have been granted with an effective grant date on the third business day following our release of our fiscal 2012 results and would have had an exercise price equal to the closing sale price of our Common Stock on the grant date. Our compensation committee determined the size of the option and bonus pools based on our management's and compensation committee's views, in their subjective judgment, of an acceptable impact on our earnings per share if we had achieved 100% and 120%, respectively, or more of each of our three specified financial metric targets in fiscal 2012.

No immediately vested stock options or cash bonuses were granted under our fiscal 2012 incentive program because we did not achieve at least 100% of the target levels for each of our three financial metric targets for fiscal 2012.

Incentive Compensation — Fiscal 2013

For fiscal 2013, our management proposed, and our compensation committee approved, an incentive compensation program consisting of (i) an annual incentive cash bonus opportunity based on the achievement in fiscal 2013 of target revenue of \$119 million and target net income target of \$3.7 million and/or (ii) long-term equity incentive compensation consisting of awards of both five year pro rata vesting non-qualified stock options and five year pro rata vesting restricted stock grants. Our compensation committee decided to re-implement its historical practice of granting time vesting equity awards to its NEOs in fiscal 2013 instead of the accelerated vesting stock options granted in fiscal 2012 because the compensation committee wanted to strike an appropriate balance of (i) rewarding NEOs for increasing shareholder value and (ii) motivating and retaining our NEOs while aligning their interests with our shareholders through long term equity ownership. The annual incentive cash bonus opportunity and the long-term equity incentive compensation for fiscal 2013 are discussed in detail below.

The financial targets described above are not a prediction of how we will perform during fiscal year 2013. The purpose of the targets is to provide appropriate financial metrics to determine amounts of compensation under our incentive compensation program. The targets are not intended to serve, and should not be relied upon, as guidance or any other indication of our expected future performance.

Annual Incentive Cash Bonus Opportunity

In early fiscal 2013, our management proposed, and our compensation committee approved, the adoption of a new fiscal 2013 cash bonus program. Under the program, bonuses will be paid out on the basis of our achievement in fiscal 2013 of (i) target revenue of \$119 million and/or (ii) target net income target of \$3.7 million. Our management and compensation committee selected revenue and net income as the performance measures for the cash bonus program because they viewed revenue and net income as the most critical elements to increasing the value of our Common Stock and, therefore, to our Company's enterprise value. The compensation committee based its incentive compensation targets and payouts on achieving overall Company corporate financial performance goals, rather than on individual performance goals or objectives, in order to encourage and incentivize enhancement of the enterprise value of the Company for the benefit of all shareholders.

Our compensation committee established a target bonus as a percentage of base salary for each of our NEOs. If the Company achieves 90% of either or both the revenue and net income targets (\$107 million in revenue or \$3.33 million in net income), then the NEOs will receive 50% of their target bonus for that element. If either or both of the target revenue or net income are exceeded, the NEOs would be eligible to earn up to two times their target bonus for that element based on a sliding scale of up to 150% of the target revenue or net income. The fiscal 2013 threshold, target and maximum bonus, each as a percentage of base salary, for our current NEOs are as follows:

<u>Name and Current Position</u>	<u>Fiscal 2013 Threshold Bonus (% of Fiscal 2013 Base Salary)</u>	<u>Fiscal 2013 Target Bonus (% of Fiscal 2013 Base Salary)</u>	<u>Fiscal 2013 Maximum Bonus (% of Fiscal 2013 Base Salary)</u>
Neal R. Verfuerrth Chief Executive Officer	25%	100%	200%
Michael J. Potts President and Chief Operating Officer	12.5%	50%	100%
John H. Scribante President of Orion Engineered Systems	12.5%	50%	100%
Scott R. Jensen Chief Financial Officer, Chief Accounting Officer and Treasurer	8.75%	35%	70%

Long-Term Equity Incentive Compensation

We provide the opportunity for our NEOs to earn long-term equity incentive awards under our 2004 Stock and Incentive Awards Plan. Our employees, officers, directors and consultants are eligible to participate in this plan. Our compensation committee believes that long-term equity incentive awards enhance the alignment of the interests of our NEOs and the interests of our shareholders and provide our NEOs with incentives to remain in our employment.

Our compensation committee has historically granted long-term equity incentive awards to our NEOs on an annual basis at the beginning of each fiscal year. We have historically granted long-term equity incentive awards solely in the form of options to purchase shares of our Common Stock, which are initially subject to forfeiture if the executive's employment terminates for any reason. Prior to the change in fiscal 2012 to accelerated vesting stock options, awards of options generally vested and become exercisable ratably over five years, contingent on the executive's continued employment. We historically have used time-vesting stock options as our sole source of long-term equity incentive compensation to our NEOs because we believed that (i) stock options help to align the interests of our NEOs with the interests of our shareholders by linking their compensation with the increase in value of our Common Stock over time; (ii) stock options conserve our cash resources for use in our business; and (iii) vesting requirements on our stock options provide our NEOs with incentive to continue their employment with us which, in turn, provides us with retention benefits and greater stability.

In early fiscal 2013, our management proposed, and our compensation committee approved, based in part on the Towers Watson survey materials for similar executives, awards of both five year pro rata vesting non-qualified stock options and five year pro rata vesting restricted stock grants. Our compensation committee granted awards of restricted stock because it believes that it can serve as a valuable retention tool, and further align management and shareholders through equity ownership. Our compensation committee believes that granting a combination of stock options and restricted stock created an appropriate balance of (i) rewarding NEOs for increasing shareholder value and (ii) motivating and retaining our NEOs while aligning their interests with our shareholders through long term equity ownership.

The fiscal 2013 long term equity awards to our NEOs in June 2012 were as follows:

<u>Name and Current Position</u>	<u>Stock Options (#)</u>	<u>Restricted Stock (#)</u>
Neal R. Verfuerrth Chief Executive Officer	200,000	50,000
Michael J. Potts President and Chief Operating Officer	50,000	25,000
John H. Scribante President of Orion Engineered Systems	100,000	25,000
Scott R. Jensen Chief Financial Officer, Chief Accounting Officer and Treasurer	25,000	12,500

Retirement and Other Benefits

Welfare and Retirement Benefits. As part of a competitive compensation package, we sponsor a welfare benefit plan that offers health, life and disability insurance coverage to participating employees. We also sponsor an employee stock purchase plan under which our employees may purchase shares of our Common Stock. In addition, to help our employees prepare for retirement, we sponsor the Orion Energy Systems, Inc. 401(k) Plan and match employee contributions at a rate of 3% of the first \$5,000 of an employee's contributions (*i.e.*, capped at \$150). Our NEOs participate in the broad-based welfare plans, our employee stock purchase plan and the 401(k) Plan on the same basis as our other employees, except that they are not eligible for the loan program under the employee stock purchase plan. We also provide enhanced life and disability insurance benefits for our NEOs. Under our enhanced life insurance benefit, we pay the full cost of premiums for life insurance policies for our NEOs. The amounts of the premiums are reflected in the Summary Compensation Table below. Our enhanced disability insurance benefit includes a higher maximum benefit level than under our broad-based plan, cost of living adjustments and a portability feature.

Perquisites and Other Personal Benefits. We provide perquisites and other personal benefits that we believe are reasonable and consistent with our overall compensation program to better enable our executives to perform their duties and to enable us to attract and retain employees for key positions. We provided Messrs. Verfuerrth and Potts with a car allowance of \$1,000 per month. Mr. Scribante participates in a program for our sales group under which we provide mileage reimbursement for business travel. We lease a corporate aircraft that we use primarily to transport customers to and from our facilities in Manitowoc and for business travel by our executive officers and certain other employees. Use of the corporate aircraft avoids some of the time inefficiencies associated with commercial travel, particularly given that our headquarters is not located in proximity to any major airports, and allows business to be conducted efficiently and securely during flights. During fiscal 2012, on a limited basis, we also permitted certain of our NEOs to use the aircraft for personal travel. We provided this limited benefit to enhance their ability to conduct business during personal travel, to increase their safety and security and to lessen the amount of time they must allocate to travel and away from company business.

Severance and Change of Control Arrangements

We provide certain protections to our NEOs in the event of certain terminations of their employment, including enhanced protections for certain terminations that may occur after a change of control of our company. However, our NEOs will only receive the enhanced severance benefits following a change in control if their employment terminates without cause or for good reason. We describe this type of severance arrangement as being subject to a "double trigger." All payments, including any double trigger severance payments, to be made to our NEOs in connection with a change of control under their employment agreements and any other of our agreements or plans will be subject to a potential "cut-back" in the event any such severance payments or other benefits become subject to non-deductibility or excise taxes as "excess parachute payments" under Code Section 280G or 4999. The cut-back provisions have been structured such that all amounts payable under their employment agreements and other of our agreements or plans that constitute change of control payments will be

cut back to one dollar less than three times the executive's "base amount," as defined by Code Section 280G, unless the executive would retain a greater amount by receiving the full amount of the payment and paying the related excise taxes (a so-called "valley provision").

Our 2003 Stock Option Plan and our 2004 Stock and Incentive Awards Plan also provide potential protections to our NEOs in the event of certain changes of control. Under these plans, our NEOs' stock options that are unvested at the time of a change of control may become vested on an accelerated basis in the event of certain changes of control.

We selected these triggering events to afford our NEOs some protection in the event of a termination of their employment, particularly after a change of control of our company. We believe these types of protections better enable our NEOs to focus their efforts on behalf of our company without undue concern over the impact on their employment or financial security of a change of control of our company. We also provide severance benefits in order to obtain from our NEOs certain concessions that protect our interests, including their agreement to confidentiality, intellectual property rights waiver, non-solicitation and non-competition provisions. See below under the heading "Payments upon Termination or Change of Control" for a description of the specific circumstances that would trigger payment or the provision of other benefits under these arrangements, as well as a description, explanation and quantification of the payments and benefits under each circumstance.

Other Policies

Policies On Timing of Option Grants. Our compensation committee and board of directors have adopted a policy on the timing of option grants, under which our compensation committee generally will make annual option grants beginning effective as of the date three business days after our next quarterly (or year-end) earnings release following the decision to make the grant, regardless of the timing of the decision. Our compensation committee has elected to grant and price option awards shortly following our earnings releases so that options are priced at a point in time when the most important information about our company then known to management and our board is likely to have been disseminated in the market.

Our board of directors has also delegated limited authority to our chief executive officer, acting as a subcommittee of our compensation committee, to grant equity-based awards under our 2004 Stock and Incentive Awards Plan. Our chief executive officer may grant awards covering up to 250,000 shares of our Common Stock per fiscal year to certain non-executive officers in connection with offers of employment, promotions and certain other circumstances. Shares subject to awards granted under this delegated authority which were subsequently cancelled or forfeited may be added back to the share authority amount. Under this delegation of authority, any options or stock appreciation rights granted by our chief executive officer must have an effective grant date on the first business day of the month following the event giving rise to the award.

Our 2004 Stock and Incentive Awards Plan does not permit awards of stock options or stock appreciation rights with an effective grant date prior to the date our compensation committee or our chief executive officer takes action to approve the award.

Executive Officer Stock Ownership Guidelines. One of the key objectives of our executive compensation program is alignment of the interests of our executive officers with the interests of our shareholders. We believe that ensuring that executive officers are shareholders and have a significant financial interest in our company is an effective means to accomplish this objective. In early fiscal 2011, our compensation committee recommended and our board of directors approved amended guidelines that fixed the number of shares required to be held.

The number of shares now required to be held by our executive officers is as follows:

<u>Position</u>	<u>Number Of Shares</u>
Chief Executive Officer	112,154
Chief Operating Officer	38,077
Executive Vice President	38,077
Chief Financial Officer	38,077
Senior Vice President	11,539
Vice President	11,539

Executive officers are permitted to satisfy these ownership guidelines with shares of our Common Stock that they acquire through the exercise of stock options or other similar equity-based awards, through retention upon vesting of restricted shares or other similar equity-based awards and through direct share purchases. Our executive officers who were executive officers at the time of the adoption of the amended guidelines have until the fifth anniversary of the adoption to satisfy the ownership requirement. Newly appointed executive officers will have until the fifth anniversary of their appointment as executive officers to satisfy the ownership requirement. All of our executive officers have either satisfied the ownership requirement or have additional time to do so.

Tax Considerations. In setting compensation for our NEOs, our compensation committee considers the deductibility of compensation under the Code. Section 162(m) of the Code prohibits us from taking a tax deduction for compensation in excess of \$1.0 million that is paid to our chief executive officer and our NEOs, excluding our chief financial officer, and that is not considered “performance-based” compensation under Section 162(m). However, certain transition rules of Section 162(m) have permitted us to treat as performance-based compensation that is not subject to the \$1.0 million cap on the following: (i) the compensation resulting from the exercise of stock options that we granted prior to our initial public offering; (ii) the compensation payable under bonus arrangements that were in place prior to our initial public offering; and (iii) compensation resulting from the exercise of stock options, or the vesting of restricted stock, that granted during the period that began after the closing of our initial public offering and ending with our 2011 annual meeting of shareholders. Our 2004 Stock and Incentive Awards Plan provides for the grant of performance-based compensation under Section 162(m), and we obtained shareholder approval of the Plan at the 2011 annual meeting to enable us to qualify awards granted under the Plan to be considered performance-based compensation for purposes of Section 162(m). Our compensation committee may, however, approve compensation that will not meet the requirements of Section 162(m) in order to ensure competitive levels of total compensation for our executive officers.

In past years, we granted incentive stock options to our NEOs under our equity-based plans. We have also granted non-qualified stock options under our equity-based plans. Because our company does not receive an income tax deduction with respect to incentive stock options unless there is a disqualifying disposition of the stock acquired under the option, our compensation committee decided in fiscal 2009 to discontinue the grant of incentive stock options to our NEOs and other employees. We also converted almost all of our outstanding incentive stock options to nonqualified stock options in fiscal 2011.

We maintain certain deferred compensation arrangements for our employees and non-employee directors that are potentially subject to Code Section 409A. If such an arrangement is neither exempt from the application of Code Section 409A nor complies with the provisions of Code Section 409A, then the employee or non-employee director participant in such arrangement is considered to have taxable income when the deferred compensation vests, even if not paid at such time, and such income is subject to an additional 20% income tax. In such event, we are obligated to report such taxable income to the IRS and, for employees, withhold both regular income taxes and the 20% additional income tax. If we fail to do so, we could be liable for the withholding taxes and interest and penalties thereon. Stock options with an exercise price lower than the fair market value of our Common Stock on the date of grant are not exempt from coverage under Code Section 409A. We believe that all of our stock option grants are exempt from coverage under Code Section 409A. Our deferred compensation arrangements are intended to either qualify for an exemption from, or to comply with, Code Section 409A.

Compensation Committee Interlocks and Insider Participation

During the last fiscal year, no member of the compensation committee had a relationship with us that required disclosure under Item 404 of Regulation S-K. None of the members of our compensation committee is an officer or employee of our Company, nor have they ever been an officer or employee of our Company.

Grants of Plan-Based Awards for Fiscal 2012

As described above in the Compensation Discussion and Analysis, under our 2004 Stock and Incentive Awards Plan and employment agreements with certain of our NEOs, we granted stock options and non-equity incentive awards (i.e., cash bonuses) to certain of our NEOs in fiscal 2012. The following table sets forth information regarding all such stock options and awards.

- (1) The exercise price per share is equal to closing market price of a share of our Common Stock on the grant date.
- (2) Represents the grant date fair value of the stock options computed in accordance with ASC Topic 718.
- (3) Pursuant to our fiscal 2012 incentive compensation program, if our performance with respect to specific financial metrics was 100% or greater, then a pool of options to purchase 684,600 shares of our common stock would have been created. If our performance with respect to specific financial metrics was 120% or greater, then, in addition to the option pool, a cash bonus pool of \$806,667 would have been created. Our compensation committee determined that these pools would have been allocated according to the recommendations of our chief executive officer with respect to all named executive officers and other senior execu-

tives (other than our chief executive officer), subject to review and concurrence by the compensation committee. Due to our performance in fiscal 2012, the pool of immediately vested stock options and cash bonus pool were not created. As a result, the target awards payable to each of our named executive officers from the pool of immediately vested stock options and cash bonus pool are not able to be determined. See “Immediately Vested Stock Options and Extraordinary Performance Cash Bonus Opportunities” above for a complete discussion of the fiscal 2012 incentive compensation program.

- (4) We granted the accelerated vesting stock options under our 2004 Stock and Incentive Awards to provide an opportunity for our NEOs to earn long-term equity incentive awards based on our financial performance for fiscal 2012. The stock options were only to vest, however, if the optionee remains employed and we were successful in achieving at least 100% of the target levels for each of our three financial metric targets for fiscal 2012, and if our stock price equals or exceeds \$5.00 per share for at least 20 trading days during any 90-day period during the option’s ten-year term. The accelerated vesting option shares granted to each of our NEOs were cancelled because the company was not successful in achieving at least 100% of the target levels for each of our three financial metric targets for fiscal 2012. See “Accelerated Vesting Stock Options” above for a complete discussion of the fiscal 2012 incentive compensation program.

Option Exercises for Fiscal 2012

None of our NEOs exercised stock options during fiscal 2012.

Payments Upon Termination or Change of Control

Employment Agreements

Under the employment agreements we currently have with Messrs. Verfuert, Potts and Scribante, such NEOs are entitled to certain severance payments and other benefits upon a qualifying employment termination, including certain enhanced protections under such circumstances occurring after a change in control of our company. If such executive's employment is terminated without "cause" or for "good reason" prior to the end of the employment period, the executive will be entitled to a lump sum severance benefit equal to a multiple (indicated in the table below) of the sum of his base salary plus the average of the prior three years' bonuses; a pro rata bonus for the year of the termination; and COBRA premiums at the active employee rate for the duration of the executive's COBRA continuation coverage period. To receive these benefits, such executives must execute and deliver to us (and not revoke) a general release of claims.

"Cause" is defined in the employment agreements as a good faith finding by our board of directors that the executive has (i) failed, neglected, or refused to perform the lawful employment duties related to his position or that we assigned to him (other than due to disability); (ii) committed any willful, intentional, or grossly negligent act having the effect of materially injuring our interests, business, or reputation; (iii) violated or failed to comply in any material respect with our published rules, regulations, or policies; (iv) committed an act constituting a felony or misdemeanor involving moral turpitude, fraud, theft, or dishonesty; (v) misappropriated or embezzled any of our property (whether or not an act constituting a felony or misdemeanor); or (vi) breached any material provision of the employment agreement or any other applicable confidentiality, non-compete, non-solicit, general release, covenant not-to-sue, or other agreement with us.

"Good reason" is defined in the employment agreements as the occurrence of any of the following without the executive's consent: (i) a material diminution in the executive's base salary; (ii) a material diminution in the executive's authority, duties or responsibilities; (iii) a material diminution in the authority, duties or responsibilities of the supervisor to whom the executive is required to report; (iv) a material diminution in the budget over which the executive retains authority; (v) a material change in the geographic location at which the executive must perform services; or (vi) a material breach by us of any provision of the employment agreement.

The severance multiples, employment and renewal terms and restrictive covenants under the employment agreements, prior to any change of control occurring, are as follows:

<u>Executive</u>	<u>Severance</u>	<u>Employment Term</u>	<u>Renewal Term</u>	<u>Noncompete and Confidentiality</u>
Neal R. Verfuert	2 × Salary + Avg. Bonus	2 Years	2 Years	Yes
Michael J. Potts	1 × Salary + Avg. Bonus	1 Year	1 Year	Yes
John H. Scribante	1/2 × Salary + Avg. Bonus	1 Year	1 Year	Yes

We set the severance multiples, employment and renewal terms and restrictive covenants under the new employment agreements based on advice from Towers Watson received prior to our initial public offering that such multiples and terms were then consistent with general public company practice and our subjective belief at the time that these amounts and terms were necessary to provide our NEOs with compensation arrangements that will help us to retain and attract high-quality executives in a competitive job market. The severance multiples and employment and renewal terms vary among our individual NEOs based on the advice of Towers Watson received prior to our initial public offering that such multiples and terms were then consistent with general public company practice and our subjective judgment. We did not ascertain the basis or support for Towers Watson's advice that such multiples and other terms are consistent with general public company practice.

The employment agreements for Messrs. Verfuert, Potts and Scribante also provide enhanced benefits following a change of control of our company. Upon a change of control, such executive's employment term is automatically extended for a specified period, which varies among the individual executives as shown in the chart below. Following the change of control, the executive is guaranteed the same base salary and a bonus opportunity at least equal to 100% of the prior year's target award and with the same general probability of achieving performance goals as was in effect prior to the change of control. In addition, the executive is guaranteed participation in salaried and executive benefit plans that provide benefits, in the aggregate, at least as great as the benefits being provided prior to the change of control.

The severance provisions remain the same as in the pre-change of control context as described above, except that the multiplier used to determine the severance amount and the post change of control employment term increases, as is shown in the table below. The table also indicates the provisions in the employment agreements regarding triggering events and the treatment of payments under the agreements if the non-deductibility and excise tax provisions of Code Sections 280G and 4999 are triggered, as discussed below.

<u>Executive</u>	<u>Severance</u>	<u>Post Change of Control Employment Term</u>	<u>Trigger</u>	<u>Excise Tax Gross-Up</u>	<u>Valley</u>
Neal R. Verfuert	3 × Salary + Avg. Bonus	3 Years	Double	No	Yes
Michael J. Potts	2 × Salary + Avg. Bonus	2 Years	Double	No	Yes
John H. Scribante	1 × Salary + Avg. Bonus	1 Year	Double	No	Yes

Prior to our initial public offering, we set the post change of control severance multiples and employment terms under the NEOs' employment agreements based on our belief at the time that these amounts and terms would provide appropriate levels of protection for the NEOs to enable them to focus their efforts on behalf of our company without undue concern for their employment or financial security following a change in control. In making this determination, our compensation committee considered information provided by Towers Watson prior to our initial public offering indicating that the proposed change of control severance multiples and employment terms were then generally consistent with the practices of Towers Watson's surveyed companies.

A change of control under the employment agreements generally occurs when a third party acquires 20% or more of our outstanding stock, there is a hostile board election, a merger occurs in which our shareholders cease to own 50% of the equity of the successor, we are liquidated or dissolved, or substantially all of our assets are sold. We have agreed to treat these events as triggering events under the employment agreements because such events would represent significant changes in the ownership of our company and could signal potential uncertainty regarding the job or financial security of the NEOs. Specifically, we believe that an acquisition by a third party of 20% or more of our outstanding stock would constitute a significant change in ownership of our company because we have a relatively diverse, widely-dispersed shareholder base. We believe the types of protections provided under our employment agreements better enable our executives to focus their efforts on behalf of our company during such times of uncertainty.

The employment agreements contain a "valley" excise tax provision to address Code Sections 280G and 4999 non-deductibility and excise taxes on "excess parachute payments." Code Sections 280G and 4999 may affect the deductibility of, and impose additional excise taxes on, certain payments that are made upon or in connection with a change of control. The valley provision provides that all amounts payable under the employment agreement and any other of our agreements or plans that constitute change of control payments will be cut back to one dollar less than three times the executive's "base amount," as defined by Code Section 280G, unless the executive would retain a greater amount by receiving the full amount of the payment and personally paying the excise taxes. Under the employment agreements, we are not obligated to gross up executives for any excise taxes imposed on excess parachute payments under Code Section 280G or 4999.

Equity Plans

Our equity plans provide for certain benefits in the event of certain changes of control. Under both our existing 2003 Stock Option Plan and our 2004 Stock and Incentive Awards Plan, if there is a change of control, our compensation committee may, among other things, accelerate the exercisability of all outstanding stock options and/or require that all outstanding options be cashed out. Our 2003 Stock Option Plan defines a change of control as the occurrence of any of the following:

- With certain exceptions, any “person” (as such term is used in sections 13(d) and 14(d) of the Exchange Act), becomes a “beneficial owner” (as defined in Rule 13d-3 under the Exchange Act), directly or indirectly, of securities representing more than 50% of the voting power of our then outstanding securities.
- Our shareholders approve (or, if shareholder approval is not required, our board approves) an agreement providing for (i) our merger or consolidation with another entity where our shareholders immediately prior to the merger or consolidation will not beneficially own, immediately after the merger or consolidation, securities of the surviving entity representing more than 50% of the voting power of the then outstanding securities of the surviving entity, (ii) the sale or other disposition of all or substantially all of our assets, or (iii) our liquidation or dissolution.
- Any person has commenced a tender offer or exchange offer for 30% or more of the voting power of our then outstanding shares.
- Directors are elected such that a majority of the members of our board shall have been members of our board for less than two years, unless the election or nomination for election of each new director who was not a director at the beginning of such two-year period was approved by a vote of at least two-thirds of the directors then still in office who were directors at the beginning of such period.

A change of control under our 2004 Stock and Incentive Awards Plan generally occurs when a third party acquires 20% or more of our outstanding stock, there is a hostile board election, a merger occurs in which our shareholders cease to own 50% of the equity of the successor, or we are liquidated or dissolved or substantially all of our assets are sold.

Payments Upon Termination

The following table summarizes the estimated value of payments and other benefits to which our NEOs would have been entitled under the employment agreements and equity plans described above upon certain terminations of employment, assuming, solely for purposes of such calculations, that (i) the triggering event or events occurred on March 31, 2012 and (ii) in the case of a change of control, the vesting of all stock options held by our NEOs was accelerated.

Payments Upon Change of Control (No Termination)

If a change of control had occurred at the end of our fiscal 2012 on March 31, 2012, and our compensation committee had accelerated the vesting of all of the unvested stock options then held by our NEOs and cashed them out for a payment equal to the product of (i) the number of shares underlying such options and (ii) the excess, if any, of the closing price per share of our Common Stock on such date and the exercise price per share of such options, our NEOs would have received approximately the following benefits:

RISK ASSESSMENT OF OUR COMPENSATION POLICIES AND PRACTICES

Each year, our compensation committee conducts a review of our compensation policies and practices to assess whether any risks arising from such policies and practices are reasonably likely to materially adversely affect our company. We believe that we have designed a balanced approach to our compensation programs that rewards both our NEOs and our other key employees for achieving our annual and longer-term strategic objectives and financial and business performance goals that we believe will help us achieve sustained growth and success over the long term. We believe that our compensation committee has structured our total executive compensation to ensure that there is a focus on incentivizing and rewarding both near-term financial performance and sustained long-term shareholder appreciation. While it is possible that the pursuit of our strategic objectives and our annual financial performance targets that determine our incentive compensation may lead to employee behavior that may increase certain risks to our company, we believe that we have designed our compensation programs to help mitigate against such concerns and to help ensure that our compensation practices and decisions are consistent with our strategic business plan and our enterprise risk profile.

During our annual review, our compensation committee takes the following actions:

- Identifies our material compensation arrangements and categorizes them according to the levels of potential risk-taking behaviors that our compensation committee believes they may encourage.
- Meets with our chief executive officer and chief financial officer to develop a better understanding of our enterprise risk profile and the material risks, including reputational risk and those described under Part I, Item 1A, "Risk Factors," in our Annual Report on Form 10-K, that we face and the relationship of our compensation policies and practices to those identified enterprise-related risks.
- Evaluates the levels of potential risk-taking that may be encouraged by each material compensation arrangement to determine whether it is appropriate in the context of our overall compensation arrangements, our objectives for our compensation arrangements, our strategic goals and objectives and our enterprise risk profile.
- Identifies and evaluates the likely effectiveness of the risk-mitigation attributes contained in our compensation policies and practices, as set forth below.

As part of its review of our fiscal 2012 and fiscal 2013 compensation policies and practices, our compensation committee identified the following attributes that it believes help to mitigate against the potential for excessive or unnecessary risks to be realized by our company as a result of our compensation policies and practices:

- We believe that we have set base salaries at a sufficient level to discourage excessive or unnecessary risk taking. We believe that base salary, as a non-variable element of compensation, helps to moderate the incentives to incur risk in the pursuit of increased financial performance metrics that are directly tied to the payment of variable elements of compensation. To perform its moderating function, we believe that base salary should make up a substantial portion of target total compensation. Our NEOs' fiscal 2012 base salaries were, on average, more than 75% of their fiscal 2012 total actual compensation. Although we do not expect base salaries to continue to comprise such a significant portion of total actual compensation, we intend for base salary to make up a substantial portion of target total compensation in future years. In fiscal 2013, our NEOs received modest salary increases after multiple years of salary freezes (with limited exceptions in connection with new hires and promotions).
- Our incentive compensation goals in each of fiscal 2012 and 2013 are directly tied to and support our strategic business plan and are based upon annual operating budget levels that are reviewed and approved by our board of directors and that we believe are attainable at their targeted levels without the need to (i) take excessive or unnecessary risks; (ii) take actions that would violate our Code of Conduct; or (iii) make material changes to our long-term business strategy or our methods of management or operation.
- Our fiscal 2012 incentive compensation program included an overall limit on the number of option shares that could have been granted and capped the amount of the cash bonus opportunity. Similarly, our fiscal 2013 incentive compensation program caps the amount of the cash bonus opportunity and provides for five year pro rata vesting of the long-term equity awards.

- We used three different corporate financial performance metrics, revenue, net income and free cash flow, under our fiscal 2012 incentive compensation program, as well as the price of our common stock, to determine the total amount of our incentive compensation awards to our named executive officers and certain other management-level employees. Similarly, we use revenue and net income under our fiscal 2013 incentive cash bonus program. We believed that using different financial metrics helped to mitigate excessive or unnecessary risk taking and the motivation to focus on achieving any single financial performance measure that was directly tied to the amount of our incentive compensation.
- Almost all of our incentive compensation awards for fiscal 2012 (other than the cash bonus opportunity for extraordinary performance) were equity-based so that employees would have only realized value through the sustained long-term appreciation of our shareholder value. We also believed that the overall size of the potential incentive compensation program was moderate and was spread over a broad group of employees.
- Our incentive compensation for fiscal 2013 is a combination of cash incentives and five year vesting equity awards, so that employees only realize value on such equity awards through sustained long-term appreciation of our shareholder value. The board believes that this combination of short and long term incentive compensation lowers the risk of unnecessary short term risk taking associated with annual incentive programs.
- We have implemented stock ownership guidelines for all of our executive officers, which we believe help to focus them on long-term stock price appreciation and sustainability.
- We have adopted a “clawback” policy as an additional risk mitigation provision. Our clawback policy calls on our board of directors to require reimbursement from any officer of an amount equal to the amount of any overpayment or overrealization of any incentive compensation paid to, or realized by, the officer if:

(i) The payment or vesting of incentive compensation was predicated upon the achievement of certain company financial or operating results with respect to the applicable performance period that were subsequently the subject of a material financial statement restatement (other than a restatement due to subsequent changes in generally accepted accounting principles, policies or practices) that adversely affects our prior announced or stated financial results, financial condition or cash flows;

(ii) In our board’s view, the recipient engaged in misconduct that caused, partially caused or otherwise contributed to the need for the financial statement restatement; and

(iii) Vesting would not have occurred, or no payment (or a lower payment) would have been made to the recipient, based upon our restated financial results, financial condition or cash flow.

As a result of the compensation committee’s annual review, our compensation committee did not believe that our compensation policies and practices encourage excessive or unnecessary risk-taking in light of our strategic plan, business objectives and our enterprise risk profile. Accordingly, our compensation committee did not implement any material changes in response to this review.

PROPOSAL TWO:

ADVISORY VOTE ON THE COMPENSATION OF OUR NAMED EXECUTIVE OFFICERS

We view executive compensation as an important matter both to us and to our shareholders. As required by Section 14A of the Securities Exchange Act of 1934, we are asking shareholders to vote, on a non-binding, advisory basis, on a resolution approving the compensation of our NEOs as disclosed in the Compensation Discussion and Analysis section and the accompanying compensation tables and narrative discussion contained in this proxy statement. This advisory vote on the compensation of our NEOs allows our shareholders to express their views on our executive compensation programs.

We believe that a skilled, experienced and dedicated senior management team is essential to the future performance of our company and to building shareholder value. We have sought to establish competitive compensation programs that enable us to attract and retain executive officers with these qualities. The other objectives of our compensation programs for our executive officers are the following:

- to motivate our executive officers to achieve strong financial performance, particularly increased revenue, profitability, free cash flow and shareholder value;
- to attract and retain executive officers who we believe have the experience, temperament, talents and convictions to contribute significantly to our future success; and
- to align the interests of our executive officers with the interests of our shareholders.

In light of these objectives, we have sought to reward our NEOs for achieving financial performance goals, creating value for our shareholders, and for loyalty and dedication to our company. We also seek to reward initiative, innovation and creation of new products, technologies, business methods and applications, since we believe our future success depends, in part, on our ability to continue to expand our revenue, product and market opportunities. Some examples of recent actions we have taken to further these objectives include:

- Our decision to pay no bonuses for fiscal 2012, despite increasing revenue by over 22% from fiscal 2011 and increasing cash flow provided by operating activities by over 232%;
- Our implementation of modest salary increases for our NEOs after multiple years of salary freezes (with limited exceptions in connection with new hires and promotions);
- Our implementation a fiscal 2013 annual cash bonus program with a focus on increasing both revenue and net income; and
- Granting long-term equity incentive awards in the form of five year pro rata vesting non-qualified stock options and five year pro rata vesting restricted stock grants in order to achieve an appropriate balance of (i) rewarding NEOs for increasing shareholder value and (ii) motivating and retaining our NEOs while aligning their interests with our shareholders through long term equity ownership.

For a further description of our executive compensation programs, please see the disclosure under the heading “Executive Compensation” above.

Our board of directors would like the support of our shareholders for the compensation of our NEOs as disclosed in this proxy statement. Accordingly, for the reasons discussed above, our compensation committee recommends that shareholders vote in favor of the following resolution:

“RESOLVED, that the shareholders approve, on an advisory basis, the compensation of the named executive officers as disclosed pursuant to Item 402 of Regulation S-K, including the Compensation Discussion and Analysis section and the compensation tables and narrative discussion contained in this proxy statement.”

The compensation of our NEOs as disclosed in the Compensation Discussion and Analysis section and the accompanying compensation tables and narrative discussion contained in this proxy statement will be approved if the votes cast in favor of the resolution exceed the votes cast against the resolution, assuming a quorum exists. Abstentions will be counted for purposes of determining the presence of a quorum but will be disregarded in the calculation of votes cast for this purpose.

This advisory vote on the compensation of our NEOs is not binding on our company, our board of directors or the compensation committee of the board. However, the board and the compensation committee will review and consider the outcome of this advisory vote when making future compensation decisions for our NEOs.

RECOMMENDATION: Our compensation committee recommends a vote for approval of the compensation of our named executive officers as disclosed in the Compensation Discussion and Analysis section and accompanying compensation tables and narrative discussion contained in this proxy statement.

DIRECTOR COMPENSATION

During fiscal 2012, we offered the following compensation program for our non-employee directors: (a) an annual retainer of \$40,000, payable in cash or shares of our Common Stock at the election of the recipient; (b) an annual stock option grant, vesting ratably over three years, with a grant date fair value of \$45,000; (c) an annual retainer of \$20,000 for the independent chairman of our board of directors, payable in cash or shares of Common Stock at the election of the recipient; (d) an annual retainer of \$15,000 for the independent lead director and the chairman of the audit and finance committee of our board of directors, payable in cash or shares of Common Stock at the election of the recipient; and (e) an annual retainer of \$10,000 for each of the chairmen of the compensation committee and the nominating and corporate governance committee of our board of directors, payable in cash or shares of Common Stock at the election of the recipient.

For fiscal 2013, in light of the additional responsibilities and duties undertaken by the non-employee directors in certain positions, the compensation committee approved the following changes to the fiscal 2012 non-employee director compensation program: (a) increased the annual retainer for the independent chairman of our board of directors from \$20,000 to \$40,000; (b) increased the annual retainer for the independent lead director from \$15,000 to \$20,000; (c) increased the annual retainer for the chairman of the audit and finance committee of our board of directors from \$15,000 to \$30,000; and (d) increased the annual retainer for the chairman of the compensation committee of our board of directors from \$10,000 to \$20,000.

Our compensation committee did not engage a compensation consultant to establish the compensation program for our non-employee directors. However, the committee reviewed the National Association of Corporate Directors (NACD) Director Compensation Report, which provided a comprehensive report on director pay practices across a wide range of industries and company sizes, to determine the appropriate compensation levels for our non-employee directors. In order to attract potential new independent directors in the future, our board of directors has retained the flexibility to make an initial stock option or other form of equity-based grant or a cash award to any such new non-employee directors upon joining our board.

All non-management directors are required to own at least 25,000 shares. Directors are permitted to satisfy these ownership guidelines with shares of our Common Stock that they acquire through the exercise of stock options or other similar equity-based awards, through retention upon vesting of restricted shares or other similar equity-based awards and through direct share purchases. Our directors who were directors at the time of the adoption of the amended guidelines have until the fifth anniversary of the adoption to satisfy the ownership requirement. Newly elected directors will have until the fifth anniversary of their election to satisfy the ownership requirement. All of our directors have either satisfied the ownership requirement or have additional time to do so.

Director Compensation for Fiscal 2012

The following table summarizes the compensation of our non-employee directors for fiscal 2012. As employee directors, neither Mr. Verfuert nor Mr. Potts received any compensation for their service as directors, and they are therefore omitted from the table. We reimbursed each of our directors, including our employee directors, for expenses incurred in connection with attendance at meetings of our board and its committees.

SECURITY OWNERSHIP OF CERTAIN BENEFICIAL OWNERS AND MANAGEMENT

The following table sets forth certain information regarding the beneficial ownership of our Common Stock as of July 13, 2012, by:

- each person (or group of affiliated persons) known to us to be the beneficial owner of more than 5% of our Common Stock;

Section 16(a) Beneficial Ownership Reporting Compliance

Section 16(a) of the Securities Exchange Act of 1934, as amended, requires our executive officers, directors, and persons who beneficially own more than ten percent of our common stock, no par value per share (which we refer to as our "Common Stock"), to file initial statements of beneficial ownership (Form 3), and statements of changes in beneficial ownership (Forms 4 or 5) of our Common Stock with the SEC. The SEC requires executive officers, directors and greater than ten percent shareholders to furnish us with copies of all these forms filed with the SEC.

To our knowledge, based solely upon our review of the copies of these forms received by us, or written representations from certain reporting persons that no additional forms were required for those persons, we believe that all of our executive officers and directors complied with their reporting obligations during fiscal 2012, except that each of Messrs. Altschaeffl and Jacobson inadvertently did not file a Form 4 within two business days following the receipt of shares of our Common Stock on February 28, 2012 as part of their fiscal 2012 retainer.

Policies and Procedures Governing Related Person Transactions

Our policy is to enter into transactions with related persons on terms that, on the whole, are no less favorable to us than those available from unaffiliated third parties. Our board of directors has adopted written policies and procedures regarding related person transactions. For purposes of these policies and procedures:

- a "related person" means any of our directors, executive officers, nominees for director, holder of 5% or more of our Common Stock or any of their immediate family members; and
- a "related person transaction" generally is a transaction (including any indebtedness or a guarantee of indebtedness) in which we were or are to be a participant and the amount involved exceeds \$120,000, and in which a related person had or will have a direct or indirect material interest.

Each of our executive officers, directors or nominees for director is required to disclose to our audit and finance committee certain information relating to related person transactions for review, approval or ratification by our audit and finance committee. In making a determination about approval or ratification of a related person transaction, our audit and finance committee will consider the information provided regarding the related person transaction and whether consummation of the transaction is believed by the committee to be in our best interests. Our audit and finance committee may take into account the effect of a director's related person transaction on the director's status as an independent member of our board of directors and eligibility to serve on committees of our board under SEC rules and the listing standards of the NYSE MKT. Any related person transaction must be disclosed to our full board of directors.

Related Person Transactions

Set forth below are certain related person transactions that occurred in our fiscal year 2012. Based on our experience in the business sectors in which we participate and the terms of our transactions with unaffiliated third persons, we believe that all of the transactions set forth below (i) were on terms and conditions that were not materially less favorable to us than could have been obtained from unaffiliated third parties and (ii) complied with the terms of our policies and procedures regarding related person transactions. All of the transactions set forth below have been ratified by our audit and finance committee.

Neal R. Verfuert

In fiscal 2012, Josh Kurtz and Zach Kurtz, two of our national account managers, and Mike Martin, our project manager, received \$183,273, \$183,273 and \$123,707, respectively, of compensation from us in their capacities as employees. Included in this compensation was \$23,273, \$23,273 and \$20,251, respectively, related to the grant date fair value calculated pursuant to ASC Topic 718 for stock options granted during the fiscal year. Messrs. Kurtz, Kurtz and Martin are family members of Neal R. Verfuert, our chief executive officer.

Report of the Audit and Finance Committee

The information contained in this report shall not be deemed to be “soliciting material” or “filed” or incorporated by reference in future filings with the SEC, or subject to the liabilities of Section 18 of the Securities Exchange Act of 1934, as amended (the “Exchange Act”), except to the extent that we specifically incorporate it by reference into a document filed under the Securities Act of 1933, as amended, or the Exchange Act.

Our audit and finance committee has adopted certain pre-approval categories for each fiscal year. These categories relate to auditor assistance with periodic filings with the SEC, auditor assistance with board approved capital raising or debt financing, auditor assistance with board approved acquisitions, auditor assistance with due diligence, required responses to SEC comment letters, and auditor assistance with routine tax matters.

We, the members of the audit and finance committee, represent the following:

1. As required by our charter, we reviewed the company’s financial statements for the fiscal year 2012 and met with management, as well as representatives of BDO USA, LLP, the company’s independent registered public accounting firm (which we refer to as “BDO”) for fiscal year 2012, to discuss the financial statements.

2. We also discussed with members of BDO the matters required to be discussed by the Statement on Auditing Standards 61, *Communications with Audit Committees*, as amended.

3. In addition, we received the written disclosures and the letter from BDO required by applicable requirements of the Public Company Accounting Oversight Board regarding BDO’s communications with the audit and finance committee concerning independence, and discussed with members of BDO their independence from management and the company.

4. Based on these discussions, the financial statement review and other matters we deemed relevant, we recommended to the company’s board of directors that the company’s audited financial statements for the fiscal year 2012 be included in the company’s Annual Report on Form 10-K for the year ended March 31, 2012.

Respectfully submitted by the audit and finance committee:

Michael W. Altschaeffl, Chair
Thomas N. Schueller
Mark C. Williamson

Principal Accountant Services and Fees

BDO serves as our independent registered public accounting firm. Grant Thornton LLP (which we refer to as “GT”) served as our independent registered public accounting firm prior to the appointment of BDO.

On August 18, 2011 we notified GT that we had hired a new firm as our independent registered public accounting firm for our 2012 fiscal year ending March 31, 2012. The decision to hire a new independent registered public accounting firm was recommended and approved by our audit and finance committee to our board of directors on August 18, 2011.

The audit reports of GT on our consolidated financial statements as of and for the years ended March 31, 2011 and March 31, 2010 did not contain an adverse opinion or a disclaimer of opinion, and were not qualified or modified as to uncertainty, audit scope or accounting principles.

In connection with the audits of our consolidated financial statements for each of the fiscal years ended March 31, 2011 and March 31, 2010, and through the date of the change in independent registered public accounting firms, there were: (1) no disagreements between our company and GT on any matters of accounting principles or practices, financial statement disclosure, or auditing scope or procedures, which disagreements, if

not resolved to the satisfaction of GT, would have caused GT to make reference to the subject matter of the disagreement in their reports on our financial statements for such years, and (2) no reportable events within the meaning set forth in Item 304(a)(1)(v) of Regulation S-K.

In accordance with Item 304(a)(3) of Regulation S-K, we furnished a copy of the above disclosures to GT and requested that GT furnish us with a letter addressed to the SEC stating whether or not GT agrees with the above statements. A copy of such letter dated August 22, 2011 was attached as Exhibit 16.1 to a Current Report on Form 8-K filed with the SEC on August 22, 2011.

On August 18, 2011, we retained BDO as our independent registered public accounting firm for our 2012 fiscal year ending March 31, 2012. During the two most recent fiscal years, and through the most recent interim report preceding the change in independent registered public accounting firms, we had not consulted with BDO regarding any of the following:

- i. The application of accounting principles to a specific transaction, either completed or proposed;
- ii. The type of audit opinion that might be rendered on our financial statements; or
- iii. Any matter that was subject of a disagreement, as that term is defined in Item 304(a)(1)(iv) of Regulation S-K; or a reportable event, as that term is defined in Item 304(a)(1)(v) of Regulation S-K.

Representatives of BDO are expected to be present at our annual meeting. They will have the opportunity to make a statement if they so desire and to respond to appropriate questions.

The following table presents fees billed for professional services rendered for the audit of our annual financial statements for fiscal 2012 and fiscal 2011 and fees billed for other services rendered during fiscal 2012 and fiscal 2011:

	<u>Fiscal 2012</u>	<u>Fiscal 2011</u>
Audit fees(1)	\$284,006	\$187,530
Audit-related fees(2)	14,763	14,150
Tax fees(3)	50,741	57,817
All other(4)	100,550	345,373
Total fees	<u>\$450,060</u>	<u>\$604,870</u>

- (1) Represents the aggregate fees billed for the integrated audit of our fiscal 2012 and 2011 financial statements, respectively, review of quarterly financial statements and attendance at audit committee meetings and shareholder meetings.
- (2) Represents the aggregate fees billed for audit of our benefit plans by prior audit firm.
- (3) Represents the aggregate fees billed for tax compliance by prior audit firm.
- (4) Represents the aggregate fees billed for audit and consent fees by prior audit firm.

Audit Committee Pre-Approval Policy

The audit and finance committee, in accordance with its charter, must pre-approve all non-audit services provided by our independent registered public accountants. The audit and finance committee generally pre-approves specified services in the defined categories of audit services, audit related services and tax services up to specified amounts. Pre-approval may also be given as part of our audit and finance committee's approval of the scope of the engagement of the independent registered public accountants or on an individual, explicit case-by-case basis before the independent auditor is engaged to provide each service.

The audit and finance committee has considered whether the provision of the services not related to the audit of the financial statements acknowledged in the table above was compatible with maintaining the independence of BDO and is of the opinion that the provision of these services was compatible with maintaining BDO's independence.

PROPOSAL THREE:

RATIFICATION OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

Our audit and finance committee has selected BDO USA, LLC (which we refer to as “BDO”) to be our independent registered public accounting firm for our fiscal year 2013. In selecting BDO to be our independent registered public accounting firm for the fiscal year 2013, our audit and finance committee considered the results from its review of BDO’s independence, including (i) all relationships between BDO and our company and any disclosed relationships or services that may impact BDO’s objectivity and independence; (ii) BDO’s performance and qualification as an independent registered public accounting firm; and (iii) the fact that the BDO engagement audit partner is rotated on a regular basis as required by applicable laws and regulations.

Our audit and finance committee charter does not require that our shareholders ratify the selection of BDO as our independent registered public accounting firm. We are doing so because we believe it is a matter of good corporate governance practice. If our shareholders do not ratify the selection, our audit and finance committee may reconsider whether to retain BDO, but still may retain the firm. Even if the selection is ratified, our audit and finance committee, in its discretion, may change the appointment at any time during the year if it determines that such a change would be in the best interests of us and our shareholders.

RECOMMENDATION OF THE BOARD: The board recommends a vote for the approval of the ratification of BDO USA, LLC as our independent registered public accounting firm for our fiscal year 2013.

ANNUAL REPORT ON FORM 10-K

We will provide without charge to each person to whom a copy of this proxy statement has been delivered, upon written or oral request, a copy of our Annual Report on Form 10-K for our fiscal year ended March 31, 2012. Requests should be made to our Board Secretary at our principal executive offices located at 2210 Woodland Drive, Manitowoc, Wisconsin 54220; telephone number (800) 660-9340.

SHAREHOLDER PROPOSALS

We did not receive any shareholder proposals for inclusion in this year’s proxy statement. All shareholder proposals pursuant to Rule 14a-8 under the Securities Exchange Act of 1934 (“Rule 14a-8”) for presentation at our 2013 annual meeting of shareholders must be received at our offices located at 2210 Woodland Drive, Manitowoc, Wisconsin 54220, by May 13, 2013, for inclusion in our proxy statement for our 2013 annual meeting.

A shareholder who intends to present business, other than a shareholder proposal pursuant to Rule 14a-8, or nominate a director at our 2013 annual meeting must comply with the requirements set forth in our bylaws. Among other things, a shareholder must give written notice to our Board Secretary on or before December 31, 2012, unless our 2013 annual meeting is on or after May 1, 2013, in which case notice must be received not later than the close of business on the day which is determined by adding to December 31, 2012 the number of days starting with May 1, 2013 and ending on the date of the 2012 annual meeting. By way of example, if our 2013 annual meeting takes place on October 24, 2013, then such notice to be timely must be received not later than the close of business on June 26, 2013.

If the notice is not timely received in accordance with the foregoing, then we are not required to present such proposal at the 2013 annual meeting because the notice will be considered untimely. If our board of directors chooses to present such a shareholder proposal submitted after its due date at the 2013 annual meeting, then the persons named in proxies solicited by our board of directors for the 2013 annual meeting may exercise discretionary voting power with respect to such proposal.

SHAREHOLDER COMMUNICATIONS WITH THE BOARD OF DIRECTORS

Shareholders who wish to communicate with our board or with particular directors may send correspondence to our Board Secretary at Orion Energy Systems, Inc., 2210 Woodland Drive, Manitowoc, Wisconsin 54220. To reduce duplicate mailings, we are now sending only one copy of any proxy statement or annual report to multiple shareholders sharing an address unless we receive contrary instructions from one or more of the shareholders. Upon written request, we will promptly deliver a separate copy of any annual report or proxy statement to a shareholder at a shared address.

If you wish to receive separate copies of each proxy statement and annual report please notify us by writing or calling our Board Secretary at 2210 Woodland Drive, Manitowoc, Wisconsin 54220, telephone number (800) 660-9340. PROXY SOLICITATION

We will bear the costs of solicitation of proxies for our annual meeting. These directors, officers and employees will not receive additional compensation, but may be reimbursed for out-of-pocket expenses in connection with the solicitation.
